**To the Shareholders of Panasonic Manufacturing Malaysia Berhad**

Dear Sirs/Madam

**PROPOSED RENEWAL AND NEW SHAREHOLDERS' MANDATE FOR RECURRENT RELATED PARTY TRANSACTIONS OF A REVENUE OR TRADING NATURE**

---

**1. INTRODUCTION**

On 26 August 2020, PMMA obtained a general mandate from its shareholders for PMMA to enter into RRPT with the Related Parties in the ordinary course of business based on commercial terms which are not more favourable to the Related Parties than those generally available to the public, which are necessary for PMMA's day-to-day operations.

The Shareholders' Mandate 2020 shall, in accordance with the Listing Requirements, lapse at the conclusion of the 56th AGM, unless the authority for its renewal is obtained from the shareholders of PMMA at the forthcoming AGM.

On 28 May 2021, PMMA announced its intention to seek the shareholders' approval on the Proposed Shareholders' Mandate.

The purpose of this Circular is to provide you with information on the Proposed Shareholders' Mandate and to seek your approval for the Ordinary Resolutions proposed under special business as set out in the Notice of 56th AGM which is to be tabled at the forthcoming AGM. The Notice of AGM is enclosed in the Annual Report 2021 which is sent to you together with this Circular.

## **2. DETAILS OF THE PROPOSED SHAREHOLDERS' MANDATE**

In compliance with the Chapter 10 of the Main Market Listing Requirements and Practice Note 12, PMMA proposes to seek the shareholders' approval on the Proposed Shareholders' Mandate to allow PMMA to enter into RRPT from time to time with the Related Parties which are necessary for PMMA's day-to-day operations, based on commercial terms which are not more favourable to the Related Parties than those generally available to the public, and are not detrimental to the minority shareholders.

The Proposed Shareholders' Mandate, if approved by the shareholders, will take effect from the date of passing the Ordinary Resolutions proposed at the forthcoming AGM under the special business and will continue to be in force until the conclusion of the next AGM of PMMA in year 2022, unless a resolution for renewal is passed; or the expiration of the period within which the next AGM of PMMA is required to be held pursuant to Section 340(2) of the Companies Act 2016 but shall not extend to such extension as may be allowed pursuant to Section 340(4) of the Companies Act 2016; revoked or varied by a resolution passed by the shareholders in general meeting, whichever is earlier.

The breakdown of the aggregate value of the RRPT concluded during the financial year ended 31 March 2021 had been disclosed in the Appendix of this Circular. With the fast changing global business environment brought on by the COVID-19 pandemic, Panasonic Corporation ("PC") and its related companies has had to constantly make changes to its business operations and recalibrate its business plan. Swift decision making may be warranted midway through a financial year to promote the most feasible measures to maximise return to shareholders. On this note, there may be new related parties and new recurrent transactions which PMMA is unable to identify at this juncture to table for shareholders' consideration. Reason is because PC has controlling interest in numerous private companies and entities that are in diverse businesses worldwide. As the list of these private companies and entities are constantly changing, PMMA is unable to list all of these private companies and entities but wish to identify them as "PC Group Companies". As such, PMMA intends to classify the classes of related parties into broad categories as set out in section 2.1(b) below to ensure that PMMA can enter into the recurrent transactions when required. PMMA will also disclose the breakdown of the aggregate value of the RRPT conducted pursuant to the Proposed Shareholders' Mandate during the financial year ending 31 March 2022 in its Annual Report 2022.

Further, PMMA will make immediate announcement to Bursa Securities when the actual value of the RRPT entered into by PMMA exceeds the estimated value of the RRPT disclosed in this Circular by 10% or more.

**(b) Recurrent Transactions of a Trading or Revenue Nature - Placement of Cash Deposits and other Treasury Services**

PFI(MY) is a legal entity incorporated in Malaysia approved by Bank Negara Malaysia to manage a pool of funds from Panasonic Group of Companies in Malaysia and renders centralised treasury management functions for the Panasonic Group using the same financial IT application system called Panasonic Treasury System (“PATRES”).

The Company is seeking its Shareholders’ approval on the following treasury services that were and will be rendered by PFI(MY) to PMMA:

**PLACEMENT OF CASH AND DEPOSIT (\*)**

*(\*) Funds are substantially in local currencies*

- (a) The placement of cash deposits and sweeping of funds to PFI(MY), where PFI(MY) then places with Tier 1 financial institutions and the interest income earned from the placement are higher compared with commercial banks. The estimated value of placement of cash deposits and sweeping of funds to PFI(MY) for the 2021 Mandate Period should not exceed RM700 million (Shareholders’ Mandate 2020: RM700 million) at interest rates, ranging from 0.1% to 4.0% per annum depending on the type of placement. The actual amounts of placement of cash deposits and sweeping of funds were between RM473 million to RM523 million as at end of each month from 27 August 2020 to 30 June 2021 (being the latest practicable date) and this translates to additional interest income earned of approximately RM1.9 million.
- (b) The fund collection and settlement services which PFI(MY) provides at no additional cost to PMMA to settle inter-company trade and non-trade transactions within Panasonic Group of Companies worldwide, on the predetermined monthly global settlement day and supplementary settlement day via PATRES System. The actual value of the fund collection and settlement transacted for the period from 27 August 2020 to 30 June 2021 (being the latest practicable date) was about RM941 million and RM275 million respectively and this translates to cost savings of approximately RM2.0 million.
- (c) The foreign exchange management services which PFI(MY) provides at no additional cost to PMMA. PFI(MY) arranges the foreign exchange forward or hedging contracts based on the Company’s submission of estimated forecasts of transactions for the next 3 to 6 months, in currencies other than Ringgit Malaysia for highly probable forecasted transactions to manage the exposure to fluctuations in foreign currency exchange rates. This translates to cost savings of approximately RM0.93 million for the transactions entered for the period from 27 August 2020 to 30 June 2021 (being the latest practicable date).
- (d) The telegraphic transfer (TT) transaction services which PFI(MY) arranges at lower charges compared with commercial banks. The estimated value of payment to PMMA’s third party suppliers and certain related companies through TT transactions with PFI(MY) for 2021 Mandate Period is approximately RM450 million (Shareholders’ Mandate 2020: RM300 million) depending on the level of activity. The actual value of the TT transaction for the period from 27 August 2020 to 30 June 2021 (being the latest practicable date) was RM399 million<sup>Note (a)</sup> and this translates to a cost savings of approximately RM20,000.

3.	RM5 million and above	Prior consideration of the Audit Committee and approval of the Board is required before the transaction is procured.

No.	Threshold for RPT for each single project or transaction with a related party	Approval / Ratification
4.	RRPT contemplated in the Circular to Shareholders	Annual review of the approval procedures to be undertaken by the Audit Committee and Board. Approval of the shareholders to be sought at the annual general meeting for renewal of existing RRPT mandate or new RRPT mandate.

None of the Audit Committee Members of PMMA have any interest, direct or indirect, in the Proposed Shareholders' Mandate.

### 3. RATIONALE AND BENEFITS FOR THE PROPOSED SHAREHOLDERS' MANDATE

The RRPT entered or to be entered into by PMMA are all in the ordinary course of business. They are recurring transactions of a revenue or trading nature which are likely to occur with some degree of frequency and may arise at any time, and from time to time. These transactions may be constrained by the time-sensitive nature and confidentiality of such transactions, and it may be impractical to seek shareholders' approval on a case by case basis before entering into them.

The RRPT to be undertaken will be entered into at arm's length basis and on normal commercial terms, and on terms not more favourable to the Related Parties than those generally available to the public, and are not to the detriment of the minority shareholders. By obtaining the Proposed Shareholders' Mandate and the renewal of the same on an annual basis, the necessity to convene separate general meetings from time to time to seek shareholders' approval as and when such RRPT occur can be avoided. This would reduce substantially administrative time, inconvenience and expenses associated with the convening of such meetings, without compromising the corporate objectives of PMMA or adversely affecting the business opportunities available to PMMA.

PC Group has been involved in the production and sales of a vast array of electronic and electrical products and maintains a high level of competitive edge in global markets, mainly under the brand name of "Panasonic". PC holds numerous Japanese and foreign patents for its products and also provides technical assistance or licensing to other manufacturers. PC Group's research and development centres continuously provide the latest, most innovative product design and technical know-how to PMMA. Coupled with PC's worldwide marketing support, PMMA is able to ensure its products remain competitive and worldwide.

PC Group has substantial knowledge of business similar and complimentary to PMMA's business. It would be to PMMA's interest to leverage on such experience and knowledge. PMMA benefits from the related parties through the synergies that are derived from the related parties' global network and expertise. Such network can enhance the ability of PMMA to explore business opportunities which bring about mutual benefits in terms of stability forged by the mutual support and closed working relationship fostered over the years. PMMA will also gain operational benefits in terms of global support to its marketing, distribution and manufacturing functions. As such, the Proposed Shareholders' Mandate is of paramount importance for the continued success and long term sustainability of PMMA.

### 4. FINANCIAL EFFECTS OF THE PROPOSED SHAREHOLDERS' MANDATE

The Proposed Shareholders' Mandate does not have any effect on the share capital of PMMA and will have financial effects on the earnings or the net assets of PMMA to the extent PMMA is allowed to transact with the related parties.

## 5. STATEMENT FROM AUDIT COMMITTEE

The Audit Committee has reviewed the terms of the Proposed Shareholders' Mandate and is satisfied that the Company has in place adequate procedures and processes to monitor, track and identify the RRPT in a timely and orderly manner and that the review procedures are sufficient to ensure that the RRPT will be made at arm's length basis and in accordance with PMMA's normal commercial terms which are not more favourable to the Related Parties than those generally available to the public and will not be to the detriment of the minority shareholders, and hence, will not be prejudicial to the shareholders or disadvantageous to PMMA.
